FOR IMMEDIATE RELEASE

Lisa Summers, FNP, joins Valley Health

Hurricane, WV – Board certified family nurse practitioner Lisa Summers, FNP, has joined Valley Health Systems to provide services at the health network's Upper Kanawha and Hurricane health centers.

In her role, Summers will care for patients of all ages by managing their preventive care needs, treating minor illnesses and injuries, managing chronic illnesses and providing referrals for specialized care.

Summers has a background in hospital and acute care settings and has a significant amount of experience caring for patients with neurological needs, including those recovering from a stroke. She worked for 15 years as a Registered Nurse at Charleston Area Medical Center (CAMC) before completing additional education in 2015 to become a family nurse practitioner. Since completing that degree, she worked at Cross Lanes Family Practice and again at CAMC before coming to Valley Health.

Summers looks forward to being part of the Valley Health team and helping people in the community who may not otherwise have access to health services. Personally, she has utilized the health network since she was 14 and appreciates the quality of care it afforded her family.

While not at work, Summers enjoys spending time with her husband and two boys on their boat.

Summers is actively accepting patients by appointment and on a walk-in basis. Interested patients may make an appointment by calling Valley Health – Hurricane in Hurricane, W.Va. at (304) 760-6040 or by calling Valley Health – Upper Kanawha in Cedar Grove, W.Va. at (304) 595-3283.
