Valley Health - Ironton to Move to New Coal Grove Facility

COAL GROVE, OHIO – Valley Health – Ironton is set to move to a new, more spacious and fully equipped location known as Valley Health – Coal Grove, located off US 52. The new site will be open to patients on Monday, April 18.

Valley Health – Coal Grove will offer OB/GYN and pediatric care as well as on-site lab services including 4D ultrasounds. With 8,500 square feet, the new facility is over three times bigger than the current one and boasts 19 exam rooms and a large waiting room with space to expand. In the future, behavioral health services and adult family medicine will be introduced at the site to better serve patient healthcare needs.

“Valley Health has been serving patients at the Ironton location since 1995. However, we have grown so much we can no longer comfortably accommodate our patients there,” Lanie Masilamani, COO of Valley Health, explained. “After our request for more square footage was denied, we were forced to relocate to Coal Grove. We hope patients will follow us one exit down US 52.”

OB/GYN care will continue to be provided by Ashleigh Clickett, DO, Joe DeRosa, DO, Herb Myers, DO and Aaron Scaife, MD. Pediatric care will be provided by Shea Goodrich, MD, along with Kim Oxley, MD, who will be joining Valley Health – Coal Grove this summer.

Valley Health providers will see scheduled patients at its Ironton facility located at 1041 Ironton Hills Drive through Thursday, April 14.

Valley Health – Coal Grove will be operational Monday – Friday, and walk-ins are welcome. To schedule an appointment or for more information, please call (740) 532-1188. Valley Health – Coal Grove is located at 205 Marion Pike in Coal Grove beside Wade’s Work and Western Wear.
